

GENERAL INFORMATION

ABOUT THE INSTITUTE AND SURAT CITY

The institute, one of the pioneering engineering institutions of the country, was established in 1961 as Sardar Vallabhbhai Regional College of Engineering & Technology and was given a status of National Institute of Technology, in 2002. At present, there are six undergraduate courses, seventeen postgraduate courses and Ph.D. programs in all disciplines of engineering and applied sciences. It has an excellent placement record with a number of the top ranking companies visiting the campus. The whole campus has connectivity of the internet with fiber optic network including faculty quarters and student hostels.

The institute is located at Surat, about 260 kms North of Mumbai and is very well connected by rail and road links to Mumbai as well as Ahmedabad (250 kms)/Vadodara (150 kms). The institute is approximately 10 kms away from Surat Railway Station and 10 kms from the Surat Airport (STV). Surat is the industrial city with historical importance and is well known for Textile, Jari and Diamond industries. The leading industries like RIL, ONGC, Kribhco, L&T, ESSAR, NTPC, and GAIL are established in Surat- Hazira area.

ABOUT THE DEPARTMENT

The Department of Computer Engineering came into existence in the year 1989 under Electronics Engineering Department. The full fledged Computer Engineering Department was setup with a separate building in the year 2002. The department is running UG program in Computer Engineering since 1989. The PG programs, M.Tech.(Regular) and M.Tech.(Research) have been run by the department since 2006 and 2007 respectively. Department is also offering Ph.D. programme since 2005. The department has qualified and dedicated faculty members with the specialization in various areas like information security, operating systems, image processing, wireless network, computer vision etc.

ABOUT THE ISEA II PROJECT

In the light of the growing importance of Information Security in all walks of life there is a need to have indigenous capability in terms of basic and fundamental research, developing technologies and solutions, need to protect critical infrastructure, complexities involved in securing Information, communication networks, cyber and other infrastructure. The "Information Security Education and Awareness (ISEA)" Project aims at generation of quality human resource in the area of information security at various levels viz. from certificate level to doctoral level, training of faculty/ Industry Professionals, creating awareness on information security in the country.

ELIGIBILITY

Faculty Members from AICTE recognized institutes and participants from research institutes/industry.

IMPORTANT DATES

Last date for Registration: 11th June 2018
List of Eligible Candidates: 12th June 2018
on Institute Website

Registration Deposit

- Rs. 1000/- from the participants from the AICTE recognized academic institutes – will be refunded at the completion of the course.
- Rs.2000/- per participant for the participants from the Research Institutes and Industries.

Please send the Registration Form and DD (Payable at Surat) drawn in the favor of "The Director, SVNIT", to the official address for correspondence.

ACCOMODATION/TRAVEL

Efforts would be made to ensure that each participant is provided Hostel accommodation subject to the availability on a chargeable basis at the SVNIT Hostels.

A course-kit as well as the **breakfast, tea/coffee and lunch** will be served during the period of the STTP.

PROGRAMME OBJECTIVE

The Department of Computer Engineering, S. V. National Institute of Technology is organizing ISEA II Project sponsored Five-days Faculty Development Programme (FDP)/Short Term Training Programme (STTP) on **Research Topics in Information Security and Privacy (RTIS&P 2018)** during the period June 18-22, 2018. The training program is aimed to equip the participants with the knowledge of the current research issues in the area of Information Security and Privacy..

The indicative topics – not necessarily limited to these only - that may be covered during the course are as follows:

- Introduction to IoT, Security and Privacy Issues,
- IoT Security Protocols,
- Security and Privacy in Social Networks
- Searchable Encryption,
- Location Privacy Issues,
- Context Aware Computing,
- Secure Software Engineering
- Access Control Models,
- Access Control in IoT and so on.

The course faculty would be the invited experts, coordinators, the faculty members, and the research fellows. **The STTP is organized as part of the Information Security Education Awareness Project Phase II (ISEAP II) under the Ministry of Electronics and Information Technology (MeITY), Govt of India, New Delhi.**

How to Register?

Step 1: Fill in the registration form available at following link. Optionally you can also scan the QR code below to access the link.

<https://goo.gl/forms/6HgYYUgxtXizw8il3>

Step 2: You will receive a filled PDF with your registration details on your email ID within 24 – 48 hours after registration. Kindly take a printout of the same and get it signed from Director/ Principal of your institute/organization as applicable along with seal.

Step 3: Send the Signed registration form along with Demand Draft at the communication address at SVNIT, Surat.
