No. DT/2020

Date: 2nd April, 2020

NOTICE

Sub: Closure of Departmental Laboratories and restricted movement during lockdown period

It has been brought to the notice of the undersigned that some of the departmental laboratories are being used by the faculty members/research scholars/students during the lockdown period. We also receive request from faculty guide to permit use of Laboratory facility during lockdown period. It may be noted that due to COVID-19, complete lockdown has been announced in the country w.e.f. 25.3.2020 for 21 days and during this period, the employees/faculty members/research scholars and students are required to take utmost care for themselves by staying at home/hostels and avoid social contacts. Their movement should be restricted only for emergency purpose. Use of departmental laboratories during lockdown period should be strictly avoided. Faculty offices shall also be used only in case of any emergency.

All Heads of Departments/Laboratory In-charge are requested to advise all faculty members/research scholars under their control to avoid using departmental laboratories/experimental facilities in the department during the lockdown period. The students/research scholars staying in the hostels are required to stay in the hostel and should take utmost care and precautions of safety, maintain social distance and avoid their movement in the campus, unless for any medical emergency. Any violation of above instruction will be taken seriously and suitable disciplinary action will be initiated accordingly.
