**Sub: Clarification Regarding Academic Fee and Hostel Fee structure of M.Tech II Year and Ph.D. Students**

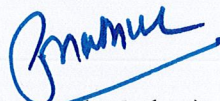

It has been noted that some M.Tech students are raising the issue to relax in the Academic Fee and Hostel Fee for the forthcoming semester starting from August 10, 2020. During COVID-19 Pandemic, the Institute had conducted their second semester examinations and declared the results as predefined schedule. The Institute has also paid the Stipend to facilitate to the students to devote their more time to focus on their studies and research work. As and when the situation improves in the current semester, the M.Tech Second Year students will be called on priority to complete their numerical and physical experimental work for dissertation. Many PhD students have arrived in the campus for completion of their pending dissertation work. They are allowed to enter in the hostel/department laboratories only after completion of stipulated quarantine period within the campus itself.

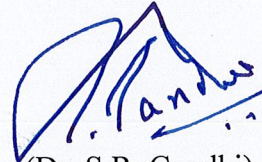

The payment of Seat Rent charges and other hostel fee components are being charged fully to M Tech Second year and PhD students as they are expected to be arrived early in the campus. Further it is to be noted that the Hostel routine maintenance and cleaning are being carried out regularly to keep them ready for the students who are likely to join the campus as per the guidelines of MHA, GOI. The other fee components will also be charged as per existing fee structure for facilities like library, mediclaim, examination, etc. are being provided to students for smooth running of the current semester. The Digital contents of library and mediclaim facilities are available for the students who are staying at their homes at present.

Further, a committee was constituted for considering the concessional rates for hostel fee in the current semester of Academic Year 2020-21 under Pandemic situation. The committee has recommended for charging the full fee from M Tech Second year and PhD students for the reason stated above.

The Hostel Section was operational with limited staff due to COVID-19 Pandemic in Surat city. However, Mess refund is under process and it is expected that the same will be credited to their accounts by the end of next week. Any reimbursement of contingency bills of previous semester will be processed only after submission of requisite bills duly certified by the Department concerned and forwarded to Account Section following due procedure.

All the existing M.Tech and Ph.D. students may note the above.
