ABOUT THE INDIAN GEOTECHNICAL SOCIETY SURAT CHAPTER

The IGS Surat chapter is one of the oldest chapters in India. The members are from engineering institutes and many professional organizations. The members of the chapters have organized and participated in several national and international events. The IGS Surat chapter has organized IGC 1982, 1991 and 2019 and several Workshops, Seminars, Training programmes and Webinars.

ABOUT THE SARDAR VALLABHBHAI NATIONAL INSTITUTE OF TECHNOLOGY SURAT (SVNIT, SURAT)

The institute was initially established as Sardar Vallabhbhai Regional College of Engineering & Technology in year 1961 and was upgraded as a National Institute of Technology on 4th December, 2002. S V National Institute of Technology is one of the pioneering engineering institutions of the country which has contributed many outstanding engineers in India & abroad. At present, the Institute is offering Six UG Programmes, Nineteen PG Programmes and Three M.Sc. Five Years Integrated Programme including doctoral programmes in all branches.

ABOUT THE DEPARTMENT OF CIVIL ENGINEERING, SVNIT SURAT

The Department of Civil Engineering came into existence in the year 1961. The B. Tech. programme in Civil Engineering is accredited by the National Board of Accreditation, New Delhi in TIER I category of institutions. In addition to the under graduate programme, the department also offers post graduate programmes with specialisations in Water Resource Engineering, Environmental Engineering, Urban Planning, Transportation Engineering & Planning, Structural Engineering, Geotechnical Engineering and Construction Technology & Management. The research programme leading to doctoral degree is also offered in diverse areas of civil engineering. The department has 46 highly qualified and dedicated faculty members with the specialization in various areas. The department has been a pioneer and leader to carry out testing and challenging consultancy work in the field of Civil Engineering.

ABOUT THE CSIR- CENTRAL ROAD RESEARCH INSTITUTE (CRRI)

The Central Road Research Institute, New Delhi, established in 1952 as a constituent laboratory of CSIR, is engaged in research and development work on roads, bridges, transportation engineering and related areas. The Institute provides technical support to large number of users organisations in the country. One of the priority areas of the activities of CRRI has been to disseminate R&D results and innovations to the in-service engineers and other professionals in the field of highway engineering through a number of customised & regular training programmes. Over the years, more than 25,000 engineers have availed the training facilities. CRRI is conducting regular training programmes of varying duration to suit the requirements of different levels of engineers. Participants to these training programmes are drawn from MoRTH, PWD, CPWD, BRO, Public Sector Undertakings, Town Planning, Traffic Engineering Agencies, Commercial Units, Traffic Police Department, Private Consultants and Individuals.
