Items and resolutions

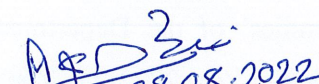

Item 1	To consider the implementation of the revised curricula for the on-going M Tech programmes of the two Academic Departments, i.e. 'six M Tech programmes of the Department of Civil Engineering' and 'five programmes of the Department of Mechanical Engineering', from the Autumn Semester of the current Academic Year 2022-23 onwards. The greater details are with the resolutions 1 and 4 of the minutes of the 57 th meeting of the IAAC.
Reso. 1	Resolved to adopt the revised curricula of the ongoing 'six M Tech programmes' of the Department of Civil Engineering and 'five M Tech programmes' of the Department of Mechanical Engineering from the Autumn Semester of the Academic Year 2022-23. The SEC recommended the ratification of the resolutions 1 and 4 of the 57 th meeting of the IAAC.
Item 2	To consider the Institute Spot Round admission to fill vacancy arising from the CCMT regular and special rounds.
Reso. 2	The SEC resolved to conduct the Institute Spot Round following the vacancy arising from the CCMT regular and special rounds. The Institute spot round is scheduled on August 22 and August 23, 2022.

	The greater details, including the improvement in the M. Tech. programmes as well as display of opportunities for greater employability of M.Tech. Students via the Training and Placement section webpage and the Department webpage, are with the minutes of the 58 th meeting of the IAAC.
Item 3	To discuss and decide re-examining and restructuring the first-year curricula of B.Tech.-Ist year programmes offered by the 'Department of Computer Science and Engineering' and 'Department of Electronics Engineering'.
Reso. 3	<p>Concerning IAAC resolution 2 of its 58th meeting on the 'item 3' was discussed in detail and it was unanimously resolved in the Standing Executive Committee (SEC) to update and modify the curricula of two branches namely 'Computer Science and Engineering' and 'Electronics and Communication Engineering'. It was resolved to replace the courses, i.e. Applied Chemistry, Engineering Drawing, Workshop Practice, "Mechanics, Laser and Fibre Optics", Engineering Mechanics, with greatly relevant courses of the B. Tech. programme in Computer Science and Engineering. Further, it was resolved to replace 'Electrical Networks' with 'Basics of Electrical Engineering' and 'Physics of Materials and Nuclei' with an alternative course on Physics'.</p> <p>The above 'modifications' stand applicable to the B.Tech. programme in Electronics and Communication Engineering as well. Notably, 'Basics of Electrical Engineering' is already included in the curriculum of the B.Tech. programme in Electronics and Communications Engineering.</p> <p>The above modifications are made with the objective of achieving greater employability and resulting in focussed future research directions for concerning B. Tech. Students.</p>
