Reso.63.04	<p>The items from the 22nd meeting of the Standing Executive Committee held on December 23, 2024, were presented before the Senate, along with the corresponding resolutions (Appendix- 6). After deliberations,</p> <p>The Senate noted the resolutions of the 22nd meeting of the Standing Executive Committee held on December 23, 2024, for above agenda items as per the resolution outlined against each item.</p>		
Item 63.05	To consider the request for extension of course duration for Mr. Rajesh M. R. (RS20CT001), M.Tech (Research) students working under supervision of Prof. D. A. Patel, Department of Civil Engineering.		
Reso. 63.05	<p>It was noted that Mr. Rajesh M. R. (RS20CT001), an M.Tech (Research) student under the supervision of Prof. D. A. Patel in the Department of Civil Engineering, has been unable to produce the mandatory SCI/SCIE research paper required for the completion of his degree. Given that the maximum course duration is 4 years, the Senate discussed the student's request for an extension. Prof. D. A. Patel informed the house that the student would be able to complete the required research paper if granted additional time. After deliberations, it was;</p> <p>Resolved to approve the proposal of the Department of Civil Engineering to the Senate to consider the extension of the M.Tech (Research) duration only for the One (01) year up to December 2025 to Mr. Rajesh M. R. (RS20CT001), a M.Tech (Research) student working under the supervision of Prof. D.A. Patel.</p>		
Item 63.06	To consider the recommendation of the Committee to review and modify the academic regulation of the M.Tech (Research) program and Executive M.Tech program for working professionals.		
Reso. 63.06	<p>It was noted that a committee was constituted, to review and modify the academic regulations for the M.Tech (Research) and Executive M.Tech programs and the committee reviewed the present regulations for M.Tech (Research) Programme at the institute, alongwith regulations of other institutes, and submitted its recommendations (Appendix- 7). The members suggested that for the constitution of Research Progress Seminar Committee, the Chairman should be appointed from a different department. After further discussions, it was;</p> <p>Resolved to approve the recommendations of the Committee to review and modify the academic regulations for the M.Tech (Research) program and the Executive M.Tech program for working professionals. Additionally, the Chairman of the Research Progress Seminar Committee will be appointed from another department duly approved by the Dean (Academic). The other clauses not addressed in the Committee's report related to the M.Tech (Research) program will remain same with the existing academic regulations, effective from</p>		

	<p>the 2023-2024 academic year.</p> <p>Further, resolved to recommend to the Board of Governors of the Institute to approve a tuition fee of Rs. 75,000.00 per semester for the M.Tech (Research) program and Executive M.Tech program. The remaining fee components shall be same as per the Institute's standard policy.</p> <p>Furthermore, the eligibility criteria, including the preceding degrees and minimum percentage/CGPA for the Executive M.Tech program for working professionals, will align with the academic regulations of the existing M.Tech (Research) program. The requirements for registration, evaluation, and grading will follow the same structure as the regular M.Tech programs of the Institute.</p> <p>A separate academic regulations for executive M.Tech Program, incorporating relevant clauses from both the M.Tech and M.Tech (Research) programs, may be finalized and approved by the Chairman, Senate.</p>
Item 63.07	To consider the recommendation of the Committee to review academic regulations of Ph.D. program at the SVNIT Surat.
Reso. 63.07	<p>It was noted that, a committee was constituted to review the academic regulations of the Ph.D. program at SVNIT Surat and the committee thoroughly reviewed the same alongwith the Ph.D. regulations of the other institutes, and made several recommendations (Appendix- 8). The report of the committee was discussed in detail during the meeting. After deliberations, it was;</p> <p>Resolved to approve the recommendations of the Committee constituted to review the academic regulations of Ph.D. Programmes with following modifications in the report as below:</p> <p><i>The period of validity of Ph.D. registration is seven years. If a student fails to submit the thesis within this period, they must immediately re-register for the extension of Ph.D. program. The effective date of re-registration will be the immediate next day of expiry period of 07 years. The request for re-registration should be taken up in advance but not later than the date last day of respective semester registration. However, the student must submit the thesis within 3 years after re-registration. If the thesis is not submitted within the extended 3-year period, the student's registration will be deemed to be cancelled and further extension will not be permitted.</i></p> <p><i>The eligible preceding degrees and qualifying subjects GATE/NET examination for Ph.D. admissions are indicative. The DAAC of the respective department may review the same as and when situation arrives and may place for the approval of Chairman Senate.</i></p> <p>Further, resolved that the remaining clauses of the Ph.D. regulations will align with the existing academic regulations, effective from the 2023-2024 academic year. The re-registration clause beyond 7 years and the non-submission of the thesis within 3 years of re-registration will also apply to all existing Ph.D. students. The student must submit the thesis within 3 years after re-registration. If the thesis is not submitted within the extended 3-year period, the student's registration will be deemed to be cancelled, and further extension will not be permitted.</p>
Item 63.08	To consider the Preponement of the Supplementary/back log examination from July 14-26, 2025 to July 07-19, 2025.

Reso. 63.08	Resolved to approve the proposal for the preponement of the supplementary/backlog examinations from July 14-26, 2025 to July 07-19, 2025. This change will be incorporated into the Academic Calendar for 2024-25, and the updated calendar will be circulated to all.
Item 63.09	To constitute the Committee at the department level for the semester examination to maintain the uniformity in the Grading pattern for the subjects (Theory, Practical, Seminar, Project, Internships and dissertation) & verifying the question paper according to the Course objectives.
Reso. 63.09	<p>The members were informed that the consistency and fairness in the assessment of performance of student is critical for continuous improvement in the teaching learning process. The academic regulation of Institute is having provision for the moderation of the grades. Departments offer a diverse range of subjects spanning Theory, Practical, Seminar, Project, Internships, and Dissertation. It becomes imperative to standardize grading practices and ensure that the evaluation methods reflect the intended learning outcomes of the courses. There is a growing need to establish a formal body at the department level that will be responsible for maintaining uniformity in grading patterns and ensuring that examination papers, whether for theory or practical assessments, align with the course objectives and syllabus. A department level Moderation Committee is required which will play a crucial role in verifying the content of question papers, assessing grading standards, and reviewing overall academic performance across different types of assessments. After the deliberation, it was;</p> <p>Resolved to approve the proposal to constitute the Department Level Moderation Committee for the semester examinations, aimed at maintaining uniformity in the grading pattern across subjects, including Theory, Practical, Seminar, Project, Internships, and Dissertation, as well as ensuring that the question papers align with the course objectives. The Chairman of the Senate has been authorized to approve the terms of reference/scope for the committee.</p>
Item 63.10	To fix the time for the evaluation of answer script of the mid semester examination and backlog/supplementary examination.
Reso. 63.10	<p>As per the existing academic regulations, the answer books for end-semester examinations must be shown to the students by the concerned teachers within one week after the examination. A 'student consultation period' of 2 or 3 days should be communicated to students before finalizing the marks. However, no specific time frame is mentioned for mid-semester or backlog/supplementary examinations. After the deliberations, it was</p> <p>Resolved to approve the proposal to set a similar timeline for the evaluation of answer scripts for mid-semester examinations in line with end-semester examinations. The faculty members shall evaluate the answer scripts within one week of the examination, and a 'student consultation period' of 2 or 3 days shall be provided before finalizing the marks.</p> <p>Further resolved that the evaluation of answer scripts for backlog/supplementary examinations shall be completed within three days of the examination, and a 'student consultation period' of 2 days shall be given before finalizing the marks.</p> <p>Further resolved to incorporate the same in the academic calendar of the institute.</p>

	Item 20 (1)	To consider the request for the Mapping Matrix of Qualifying Degree and Gate Paper for CCMT 2024 in the following Departments for their M.Tech Courses: a) Department of Civil Engineering b) Department of Chemical Engineering. c) Department of Computer Science and Engineering. d) Department of Electronics Engineering. e) Department of Electrical Engineering
	Res.	Noted.
	Item 20 (2)	To approve the teaching scheme and syllabus of Master of Business Administration (MBA) in Business Analytics from the academic year 2024-25.
	Res.	Noted.
	Item 20 (3)	To review and revise the existing teaching load per week for the Assistant Prof., Associate Prof., and Professor due to the request of Teaching Assistants from the Departments.

		Few members expressed their concern for the provisions made in the MHRD letter dated 30.11.2017 regarding distribution of teaching load of faculty members on equal sharing basis irrespective of their time consumed in the management of the institute. It was clarified that the guidelines/ procedure are indicative and there is no rigid formula for distribution of teaching load in the said letter. Few members expressed their concern for inclusion of teaching load in the calculation of student Project/ Dissertation/ Internship which should also be counted as teaching load for faculty members. It was clarified that the said matter will be looked into and appropriate decision will be taken accordingly by the Chairman Senate. Accordingly, the Senate agreed with the resolution and adopted the same.

Items and Resolutions

Item and Reso.	Agenda Item
Item 68.01	To consider the Scheme & Syllabus of B.Tech. 3 rd and 4 th year by the departments as per NEP 2020.
Reso. 68.01	<p>The IAAC discussed the proposed scheme and syllabus for the B.Tech. 3rd and 4th Year programs, in alignment with the provisions and guidelines outlined in the National Education Policy (NEP) 2020 with flexibility, multidisciplinary education, and skill-based learning to ensure that students receive an education that is relevant, industry-focused, and in line with global educational standards. After deliberations, it was;</p> <p>Resolved to recommend the proposal of the Department of Chemical Engineering, Department of Civil Engineering, Department of Electronics Engineering, Department of Electrical Engineering, and Department of Mechanical Engineering to the Senate to approve the Scheme & syllabus of B.Tech. 3rd and 4th year as per NEP 2020. Head of Departments are requested to review the scheme and syllabus with respect to the inclusivity of the course objectives, comprehensive coverage of subject, up-to-date references and uniform subject codes aligned with the Academic regulation.</p> <p>Further, it was resolved to recommend the proposal to the Senate to rename the elective as Institute Electives each at 5th and 6th Semesters at the 3rd Year level for the students admitted during A.Y. 2023-2024.</p> <p>Further, it was resolved to recommend the proposal of the Department of Computer Science and Engineering to the Senate to approve the courses as Institute Electives each at 5th and 6th Semesters at the 3rd Year level.</p> <p>Further, it was also resolved to include One compulsory MOOC course from Swayam-NPTEL Portal of 3/4 credits at the 3rd Year level with effect from the Academic Year 2024-25. The students should have the option to complete the MOOC course at the 5th or 6th Semesters. The committee at the Department level to be constituted by respective Head of Departments to decide the courses and facilitate the students.</p> <p>The final scheme & syllabus needs to be submitted to the Dean Academic before the upcoming Senate.</p>
Item 68.02	To consider the Scheme & Syllabus of M.Sc. 3 rd to 5 th year of 5 years M.Sc. Integrated Program as per NEP 2020.
Reso. 68.02	<p>The IAAC considered the curriculum for the 3rd to 5th years of the 5-year M.Sc. Integrated Program in alignment with the National Education Policy (NEP) 2020. The scheme and syllabus must be aligned with academic standards, industry demands, and emerging trends in the respective fields of study. After deliberations, it was;</p> <p>Resolved to recommend the proposal of the Department of Mathematics, Department of Chemistry and Department of Physics to approve the Scheme & Syllabus of M.Sc. 3rd to 5th year of 5 years M.Sc. Integrated Programs as per NEP 2020. Head of Departments are requested to review the scheme and syllabus with respect to the inclusivity of the course objectives, comprehensive coverage of subject, up-to-date references and uniform subject codes aligned with the Academic regulation. Further, resolved to rename the elective as Institute Electives each at 5th</p>

	<p>and 6th Semesters at the 3rd Year level for the students admitted during A.Y. 2023-2024.</p> <p>Further, it was also resolved to include One compulsory MOOC course from Swayam-NPTEL Portal of 3/4 credits at the 3rd Year level with effect from the Academic Year 2024-25. The students should have the option to complete the MOOC course at the 5th or 6th Semesters. The committee at the Department level to be constituted by respective Head of Departments to decide the courses and facilitate the students.</p> <p>The final scheme & syllabus needs to be submitted to the Dean Academic before the upcoming Senate.</p>
Item 68.03	To consider the Scheme & Syllabus of B.Tech (Minor) and B.Tech (Hons.) year by the departments as per NEP 2020.
Reso. 68.03	<p>The request was made during the 59th meeting of the Senate held on October 12, 2023 to the Heads of Departments (HODs) of the concerned departments to prepare a detailed syllabus for both the B.Tech (Minor) and B.Tech (Honors) programs. During the 61st meeting of the Senate held on April 30, 2024, it was resolved that the B.Tech (Minor) program would be offered only if a minimum of 15 students enrolled in the program. The IAAC discussed about the received scheme & syllabus of B.Tech (Minor) and B.Tech (Hons.) from the various departments. After deliberations, it was;</p> <p>Resolved to recommend the proposal of the Department of Artificial Intelligence, Department of Chemical Engineering, Department of Civil Engineering, Department of Computer Science & Engineering, Department of Electrical Engineering, Department of Electronics Engineering, and Department of Mechanical Engineering to the Senate for approval of the scheme and syllabus of the Honors programs offered by these departments, alongside the B.Tech degree, for their students.</p> <p>Further, resolved to recommend the proposal of the Department of Chemical Engineering, Department of Civil Engineering, Department of Electrical Engineering, Department of Electronics Engineering, and Department of Mechanical Engineering to the Senate for approval of the scheme and syllabus of the Minor Degree programs offered by these departments, alongside the B.Tech degree, for students from other engineering departments.</p> <p>Further, resolved to recommend to the Senate to approve the credit structure for the Minor Degree and Honors programs, which will include a total of 18 to 20 credits for the Minor or Honors program. Also, inclusion of 2 credits for the Mini Project in the Seventh Semester to meet the Minimum Credit requirements (18 credits). The students may have the option to choose either the Minor Degree or the Honors program based on their preference.</p> <p>Head of Departments are requested to review the scheme and syllabus with respect to the inclusivity of the course objectives, comprehensive coverage of subject, up-to-date references and uniform subject codes aligned with the Academic regulation. The final scheme & syllabus needs to be submitted to the Dean Academic before the upcoming Senate.</p>
Item 68.04	<p>To consider the syllabus of MBA First Year, Second semester.</p> <p>[Ref: Department of Management Studies; Reso. No.1, 3rd DAAC meeting, November 11, 2024]</p>

Item 68.27	<p>To consider the request of Bhabhor Bhavesh Lakhjibhai (U18EC111) to complete his under graduate (B.Tech) program beyond 7 years.</p>
Reso. 68.27	<p>The IAAC discussed the request of a student Bhabhor Bhavesh Lakhjibhai (U18EC111) who has been unable to complete the course within the standard duration of 6 years due to backlogs. The student has requested an extension to complete their remaining courses and fulfill graduation requirements. The IAAC reviewed the institution's academic policies regarding the maximum duration allowed for course completion. It was acknowledged that while the standard policy is 6 years, exceptions can be made in cases where students face extraordinary circumstances like covid pandemic. The IAAC considered this request in light of the student's academic performance, institute policy, and the potential impact on the student's future academic and professional endeavors. After detail deliberations, it was;</p> <p>Resolved to grant a 2-year extension for the Bhabhor Bhavesh Lakhjibhai (U18EC111) as a special case to complete the programme after Six (06) years. He must adhere to a clear academic plan for clearing the remaining backlog courses. His progress will be reviewed periodically by the Mentor appointed by the Head of the Department to ensure that he is right track to complete the remaining requirements within the extended period.</p>

Reso. 68.28	<p>The IAAC discussed the signing of a Memorandum of Understanding (MoU) between IIITDM Kurnool and SVNIT Surat for the offering of a Minor Degree in Drone Technology. The Minor Degree in Drone Technology will be available to all the B.Tech students of the SVNIT Surat providing them with the opportunity to gain specialized knowledge and practical experience in drone technology, which includes coursework and hands-on projects. It was also opinion of the few members that given the specialized nature of the field specialized faculty is required. The program integrates concepts from several engineering disciplines, which makes it interdisciplinary in nature. It was noted that the program will require expertise from the departments namely Department of Computer Science and Engineering, Department of Electronics Engineering, Department of Electrical Engineering and Department of Mechanical Engineering. The Heads of the Department of Computer Science and Engineering, Department of Electronics Engineering and Department of Mechanical Engineering have confirmed their readiness to share faculty for the program. The Head of the Department of Electrical Engineering has agreed to provide faculty support, contingent on the hiring of an additional faculty. After deliberations, it was;</p> <p>Resolved to recommend the proposal of Minor in 'Drone Technology' to the Senate with the interdisciplinary support from the Departments of Computer Science and Engineering, Electronics Engineering, Electrical Engineering and Mechanical Engineering.</p> <p>Head of Department of Electronics Engineering is requested to review the scheme and syllabus with respect to the inclusivity of the course objectives, comprehensive coverage of subject, up-to-date references and uniform subject codes aligned with the Academic regulation. Item: 22.01	To consider the Scheme & Syllabus of B. Tech (Minor) and B. Tech (Honors) by the departments as per NEP 2020. (Annexure 1). [Ref: 68 th Institute Academic Advisory Committee; Reso. No. 68.03, November 25, 2024].
Reso. 22.01	The SEC of Senate discussed the proposal of 68 th IAAC, Reso. No. 68.03, held on November 25, 2024. The Senate already approved the concept of Minor and Honors, and the request was made during the 59 th meeting of the Senate held on October 12, 2023, to the Heads of Departments (HODs) of the concerned departments to prepare a detailed syllabus for both the B. Tech (Minor) and B. Tech (Honors) programs. As per the academic regulation, there shall be one division for a particular Minor/Honor program with a minimum of 15 students and a maximum of 75 students based on the CGPA up to the 3 rd semester as a merit criterion without any backlog and a 'XX' grade. For the students opting for Minor/Honor, a CGPA of 7.0 should be maintained in the subjects of the respective Minor/Honor, and there should not be a 'XX' grade in any subject; otherwise, Minor/Honor will not be awarded. During the discussion, the Head of the Department of Computer Science and Engineering (DoCSE) informed that the department will offer the Minor/Honors from the Academic Year 2025-2026 after faculty recruitment in upcoming recruitment drives. DoCSE requires some more visiting faculty/Teaching assistants for the current semester. After deliberations, it was Resolved to approve the recommendation of 68th IAAC, Reso. No. 68.03, held on November 25, 2024 regarding the scheme and syllabus of the Honors programs offered by the Department of Artificial Intelligence, Department of Chemical

	<p>Engineering, Department of Civil Engineering, Department of Electrical Engineering, Department of Electronics Engineering, and Department of Mechanical Engineering approval of the scheme and syllabus of the Honors programs offered by these departments, alongside the B.Tech degree for their students i.e. B.Tech in (<i>Degree Name</i>) with Hons.</p> <p>Further, resolved to approve the scheme and syllabus of the Minor Degree programs offered by Department of Chemical Engineering, Department of Civil Engineering, Department of Electrical Engineering, Department of Electronics Engineering, and Department of Mechanical Engineering alongside the B. Tech degree for students from other engineering departments i.e. B. Tech in (<i>Parent Degree Name</i>) with Minor in (<i>Another Degree Name</i>).</p> <p>Further, resolved to approve the credit structure for the Minor Degree and Honors programs, which will include a total of 18 to 20 credits for the Minor or Honors program. Also, inclusion of 2 credits for the Mini Project in the Seventh Semester to meet the Minimum Credit requirements (18 credits). The students may have the option to choose either the 'Minor' or the 'Honors' based on their preferences.</p> <p>Further, resolved that DoCSE and DoAI may offer electives in line with the offered approved courses/subjects through the MOOCs for UG & PG after the due approval from the Chairman of the Senate.</p>

Recommendation of the Committee constituted to review and modify the academic regulation of the M.Tech (Research) program and Executive M.Tech program for working professionals

As per the above reference, a committee of following members was constituted vide Office Order No E/2580 dated 23/12/2024 to review and modify the academic regulation of the M.Tech (Research) and Executive M.Tech program.

- | | |
|--|---------------------|
| 1. Dean (Academic) | : Chairperson |
| 2. Head of Departments – DoChE, DoCE, DoEE and DoME | : Member |
| 3. Dr. V. D. Kalyankar, Associate Prof., DoME | : Member |
| 4. Dr. Jitesh T. Chawda, Assistant Prof., Grade I, DoCE | : Member |
| 5. Dr. Suresh Lakhimsetty, Assistant Prof., Grade II, DoEE | : Member |
| 6. Dr. K. V. Praveen Kumar, Assistant Prof., Grade I, DoEE | : Member- Secretary |

The committee meetings were held on 08/01/2025 and 15/01/2025. The committee has gone through the existing Academic Regulations of the various IITs, viz. IIT Bombay, IIT Delhi, IIT Patna, IIT Hyderabad, NITs, viz. NIT Calicut, NIT Karnataka and NIT Tiruchirappalli and compared the academic regulations of M.Tech (Research) with the current M.Tech (Research) regulations of SVNIT, Surat. Institute academic regulations was revised in the Academic Year 2023-24. The committee had gone through the current M.Tech (Research) regulations of the other comparable Institutes across the country (**Annexure - A**) and following observations were made during the meetings.

1. Program Duration is 2.5 Years (Five Semesters) and the Maximum Duration of Programme completion is 04 years, Provided the fees are paid for each extended year(s).
2. Total 60 credits are required to be earned for M.Tech. (Research) programme.
3. Limited flexibility in the duration of the course work and Research Progress Seminar.
4. Minimum and Maximum credits that a student can register in each semester.
5. Withdrawal of Semester during the M.Tech program (Insufficient progress/ medical issues/ exceptional cases).
6. Eligibility Criteria (For the award of degree, the candidate's one paper has been accepted or published in refereed National or International journal under SCIE)
7. Admission Criteria (The candidates should have minimum working experience of Two years after graduation in a registered firm / company / industry / educational or research institute / any government department or government autonomous organizations. However, Institute research project staff should have minimum One years of Experience after graduation.)

Recommendations for M.Tech (Research) Program.

1. The complete M. Tech (Research) Programme will be a minimum 3-year duration for all the candidates. The maximum period allowed to complete the M. Tech (Research) programme is 5 years, provided the fees are paid for each extended year(s). The maximum or minimum period will be counted from the date of registration to the date of dissertation submission. However, the students can submit the dissertation in the sixth semester after presenting the Research Progress Seminar, provided they have completed all the other requirements of the M.Tech (Research) program. The candidate has to deposit the requisite fee for each extended duration.
2. A total of 80 credits are required to be earned. The student should obtain minimum of 16 credits from the course work with combination of theory and/or laboratory courses. However, only laboratory courses without theory may be registered but maximum credit to be earned from the laboratory courses without theory is two (02) only.
3. The flexibility in the program is that the student can complete the minimum credit through coursework anytime during the first 2 years of the program, and research work may start from the beginning of the first Semester.
4. For the initial/first two years, students can opt for a minimum of 12 credits and a maximum of 16 credits in each semester in combination with the course work and Research Progress Seminar. However, the maximum earned credits at the end of 2nd year will not exceed 48 credits.
For the last year (3rd year), the credit of Research Progress Seminar will be 16 credits per semester.
5. The student can withdraw (if required) in any semester with prior approval from the competent authority at least one month before the start of the next semester (In addition to the existing regulations). However, the maximum duration to complete the course work (16 Credits) and the maximum duration of the entire program will remain unchanged.
6. The award of the degree shall be given only as and when the student has the acceptance of (i) a minimum of ONE Technical paper in Journals enlisted in SCI/SCIE (Clarivate Analytics) / Scopus/Web of Science (non-paid journal) or (ii) minimum ONE process/product patents granted but not before the Six Semesters/Three years.
7. The candidate must enclose self-attested copies of the following documents/certificates. Same must be produced in original at the time of interview/physical documents verification.
 - a. Appointment letter and sponsorship certificate/no objection certificate issued by the current employer.
 - b. Experience certificate duly signed by competent authority on the letter head of the company/organization/institute.
 - c. Other documents like date of birth, identity proof, marksheets of all semesters, degree certificate, sponsorship certificate/no objection certificate.

8. The tuition fee of 75,000.00 per semester is proposed, and the rest of the fee heads shall be the same as per the Institute policy.
9. M.Tech (Research) will be awarded in the existing specialization of the M.Tech Programmes of the departments only if credits of the course are to be earned by the subjects of that specialization.
10. In case the subjects studied for the credit earned are of the different specializations of the M.Tech Programmes, the M.Tech (Research) in the Branch will be awarded—for example, M.Tech (Research) in Civil Engineering, M.Tech (Research) in Electrical Engineering, etc.

Recommendations for M.Tech Program for working professionals

1. The complete Executive M. Tech Programme will be a minimum 3-year duration for all the candidates. The maximum period allowed to complete the Executive M. Tech Programme program is 5 years, provided the fees are paid for each extended year(s).
2. A total of 80 credits are required to be earned. The student should obtain a minimum of 40 credits from the coursework. The student can complete the coursework during the first two (02) years of the program and earn a maximum of eight credits through the relevant online (MOOC courses) courses as decided by the DAAC of the respective department. The remaining 32 credits of the coursework shall be distributed in the four (04) semesters, preferably eight (08) credits per semester.

Appendix 8 of the 63rd Meeting of the Senate

Recommendation of the committee constituted to review academic regulations of PhD program at the SVNIT Surat

A committee of following members was constituted vide Office Order No E/2845, dated 10/01/2025 to review the academic regulations of PhD program at the SVNIT Surat.

- | | |
|---|---------------------|
| 1) Dean (Academic) | : Chairperson |
| 2) Head of Departments – DoChE, DoC, DoEE and DoME | : Member |
| 3) Prof. H. R. Jariwala, Professor, DoEE & Asso. Dean (Acad) | : Member |
| 4) Dr. R.K. Jana, Asso. Prof., DoMH & Asso. Dean (Acad) | : Member |
| 5) Dr. V. D. Kalyankar, Associate Dean (Acad- PhD & M.Tech.(R)) | : Member |
| 6) Dr. Sanjay Tolani, Asst. Prof., Grad-I, DoEE | : Member |
| 7) Dr. Vipul M. Patel, Asst. Prof., Grad-I, DoME | : Member- Secretary |

To initiate the task, Heads of all the departments of the Institute were briefed about this committee through a formal email and suggestions were invited from them inline with this. Subsequently, the committee meeting was held on 16/01/2025 at the conference room of DoECE from 11:30 a.m. onwards. The committee has gone through the existing academic regulations of PhD program of the various IITs, viz. IIT Bombay, IIT Delhi and IIT Madras. Institute academic regulations of PhD program were revised in the Academic Year 2023-24 and made applicable from academic year 2023-24 onwards. Representations received from several departments to look into certain issues (Annexure-A) were also critically discussed. The following observations were made during the meeting:

Observations:

1. The teaching assistant working in the departments especially Department of Computer Science and Engineering and Department of Artificial Intelligence are willing to register for PhD program at SVNIT Surat. However, there is no such guideline mentioned in the existing academic regulations of PhD program for the working teaching assistant at the Departments.
2. The candidates applying under ERS category sponsored by Government, Semi-Government, Non-Government, or Private organizations/institutes on a full-time or part-time basis are required to submit 12 months' salary certificates/slips from a single organization. However, it is observed that contractual positions in such organizations are typically for 11 months and employment is continued after the technical gap which makes difficult for candidates to provide 12 months' salary certificates/slips.
3. As per the existing academic regulations for the PhD program, the minimum duration is 3 years, and the maximum allowed duration is 7 years, regardless of the category of the admitted student. In few cases, students are not able to submit the PhD thesis within the permissible time limit of 7 years. Such cases are frequently placed before the senate to extend the time limit beyond the 7 years.

4. The eligibility criteria for direct admission to PhD program after Bachelor's degree in Engineering / Technology is 8.00 CGPA in 10-point scale and the degree should be from an Institute of National Importance including Centrally funded technical institutions of repute / State Government funded institutes. This needs to be reviewed for industry professionals working at PSUs, R&D organizations, well-equipped scientific institutions, laboratories, and reputed industrial organizations engaged in research-based activities by balancing the eligibility criteria with work experience, etc.
5. The existing academic regulations for the PhD program contain common guidelines for eligibility criteria for PhD admission. The department-specific requirements such as eligible preceding degrees, the relevant GATE score in the eligible stream may also be added.
6. It is required to decide the eligibility criteria for PhD program in newly established Centre for Tribal Technology Development (CTTD) at SVNIT Surat.

Recommendations:

1. Teaching Assistants working in the SVNIT Surat can apply for the PhD program as full-time, self-sponsored candidates under the ERS category with their regular teaching load. Such Teaching Assistants may be allowed into the Full-Time Institute Research Scholar (FIR) category after completing their contract period as a Teaching Assistant provided, they have qualified the GATE/NET/CAT and faculty who is guiding the students shall have the vacancy under FIR category. The entire course work duration shall be evenly distributed in first two semesters.
2. The ERS category students must enclose self-attested copies of the following documents/certificates.
 - a. Appointment letter and sponsorship certificate/no objection certificate issued by the current employer.
 - b. Experience certificate duly signed by competent authority on the letter head of the company/organization/institute.
 - c. Other documents like date of birth, identity proof, marksheets of all semesters, degree certificates.
3. The maximum duration of the PhD program can be restricted to 7 years only. If the student fails to submit the thesis within the maximum duration of 7 years, their registration will be cancelled, and the student must re-register for the PhD program. The course work requirement for such a student can be waived off. However, they must submit the thesis only after the minimum duration of 3 years after re-registering for the PhD program, provided the fees are paid for each extended year(s). The maximum or minimum period will be counted from the date of registration to the date of thesis submission. Female PhD students may be provided maternity leave/child care leave for up to 240 days in the entire duration of the PhD program.
4. Committee also reviewed the case of B.Tech to PhD admissions for industry/working professionals at PSUs, R&D organizations, well-equipped scientific institutions, laboratories, and reputed industrial organizations engaged in research-based activities and following recommendations are made:

- a) Bachelor's degree in Engineering / Technology from an Institute of National Importance including Centrally funded technical institutions of repute / State Government funded institutes / Institutes affiliated to state universities in prescribed discipline will be considered for direct admission to Ph.D. Program.
 - b) The candidate should have 6.5 CGPA on 10-point scale or 60% in his/her B.E./B.Tech. Programme along with mandatory 8 years of work experience at PSUs, R&D organizations, well-equipped scientific institutions, laboratories, and industrial organizations engaged in research-based activities.
 - c) The candidate should earn 40 credits within the first TWO semesters of his/her program through coursework after joining the program. However, if the candidate has the experience of 15 Years, he/she has to complete the 16 Credits as a coursework.
 - d) The final selection will be through the selection process as applicable to the regular candidates.
5. The department is required to specify the eligible preceding degrees and qualification in other relevant exams like GATE, NET, etc. for PhD admission brochure.
 6. PhD admissions at the CTTD, SVNIT can be permitted in the available expertise domain with the centre along with the following criteria:
 - a. Master's or equivalent degree in Engineering/Technology.
 - b. M.B.A (or equivalent degree)
 - c. MA English and Linguistics
 - d. Bachelor's degree in Engineering / Technology (Minimum 4 years) with a valid GATE score.

Other admission criteria shall be in line with the above proposed modifications and current academic regulation (2023-24 onwards) of PhD Program.

7. It is recommended to include the above mentioned modified/additional regulations in the existing regulations. It will be applicable to the students admitted for the academic year 2025-26 onwards. A separate information brochure may be prepared to include the available research areas in various departments.
