AMENDMENTS IN PLACEMENT POLICY

The following amendments have been considered for the placement drive of AY 2024-25.

- One student one placement policy.
- Students shall be eligible for one upgrade chance only after the following placement milestones are achieved:
 - 50% of the batch is placed (all departments except DoCSE and DoECE)
 - 55% of the batch is placed (DoECE)
 - 60% of the batch is placed (DoCSE)
- The upgrade chance shall be based on the CTC factor which is 1.5 times the existing CTC. The chance is also redefined as the first level of shortlisting, comprising written/online assessment.
- Allowing students to participate in PSUs on campus and national level placement drives, in addition to their allocated chance. The students who secured placement in these segments shall not be allowed to participate.
- Restrict students from participating in placement drives if they've accepted a company's policy refraining from further placement drives.
- The departmental student coordinators will liaise with CDC faculty coordinators and represent their department's concerns and issues in their presence.
