INTERNSHIP POLICY

The following Internship Policy is applicable for the AY 2024-25.

- The hiring type **FULL TIME** will be considered as a placement, and students under this type will be given **one chance** for a six-month internship. According to CDC policy, a "chance" is an opportunity to advance after placement. If a student is shortlisted at any stage of the process, whether it be resuming short listing, CGPA screening, online examinations, group discussions, etc.—it will count as a chance.
- The hiring type **FULLTIME + INTERNSHIP** will also be considered as a placement. Students in this type of hiring will not be eligible for any further placement and internship opportunities.
- The hiring type **INTERNSHIP** will not be considered a placement, and students in this category will be treated as unplaced. They will be allowed to participate in **FULL TIME** hiring opportunities only.
