

Sardar Vallabhbhai National Institute of Technology, Surat

PLACEMENTS
2021-2022

**Training and Placement Section,
SVNIT,
Surat, Gujarat**

Message from Director

Sardar Vallabhbhai National Institute of Technology (previously known as Sardar Vallabhbhai Regional College of Engineering and Technology), Surat, was established in 1961 but remains as young at heart as ever. We remain committed to excellence and growth in every facet – UG, PG, and Ph.D. programs, cleaner and greener campus with a positive working environment, excellent infrastructure, professional development opportunities, vibrant co- and extra-curricular activities, community engagement, and ambiance for bonding through equity, trust, and mutual respect. We emphasize on the development of core human values, mental and physical well-being of our students. Keeping in view of the National Educational Policy (NEP) 2020, the institute aims to be a globally accepted leading academic institute that provides a more holistic and multidisciplinary education, creating knowledge, and catalysing excellent and innovative quality research in science, engineering, and technology, contributing to the development of nation and humanity at large.

The quality of our infrastructure, the teaching and learning methods ensures overall development of the students. Placement of all our students in growth-oriented organisations where they will have unlimited opportunity to learn and grow along with the company's growth, has always been the aim of our institution. The students of the earlier batches have carved out a niche for themselves as assets to their organisations. This fact is reinforced by enthusiastic response from the corporate world in the form of placements. Various placement committees have been constituted for the placement of students of all the academic programs of the institute. These placement committees involve final year student representatives from all disciplines of UG and PG programs. To strengthen the Industry-Institute interaction, T & P section encourages the companies for internship to B. Tech. 3rd year students (maximum 8 weeks in summer vacation) and to M. Tech. students (maximum 1 year) in their 2nd year as a dissertation work.

I wholeheartedly welcome all the companies that regularly visit us for campus for placement and I invite others to visit us or contact our placement staff for new recruitments. It is indeed an honour to present our students to your esteemed organizations and we look forward to your cooperation in the placements of our students. We are confident that these young men and women would be an asset to your organization through their technical and managerial capabilities and their talent for innovation.

Dr. R. V. Rao

Message from Prof. In-charge Training & Placement Section

Sardar Vallabhbhai National Institute of Technology (SVNIT) has established itself as one of the premier institutes of the country. The institute recently celebrated its diamond jubilee. The educational programmes of the institute are designed to instil team work and leadership in addition to technical skills. We regularly update our curriculum to include the latest developments in the field. Through rigorous course work, we make sure that our students have adequate technical and analytical skills.

We at the Training and Placement section provides a launching pad for the students to make it to the best organisations in the country. We act as an interface between the recruiters and the students, and help the students to arrive at well-informed decisions. We also regularly conduct programmes to help students to hone their soft skills. With our student volunteers we make sure that the recruitment process is smooth for both the recruiters and the students. The Training and Placement section has maintained cordial relationship with the recruiters and this has resulted in increased placement for our students.

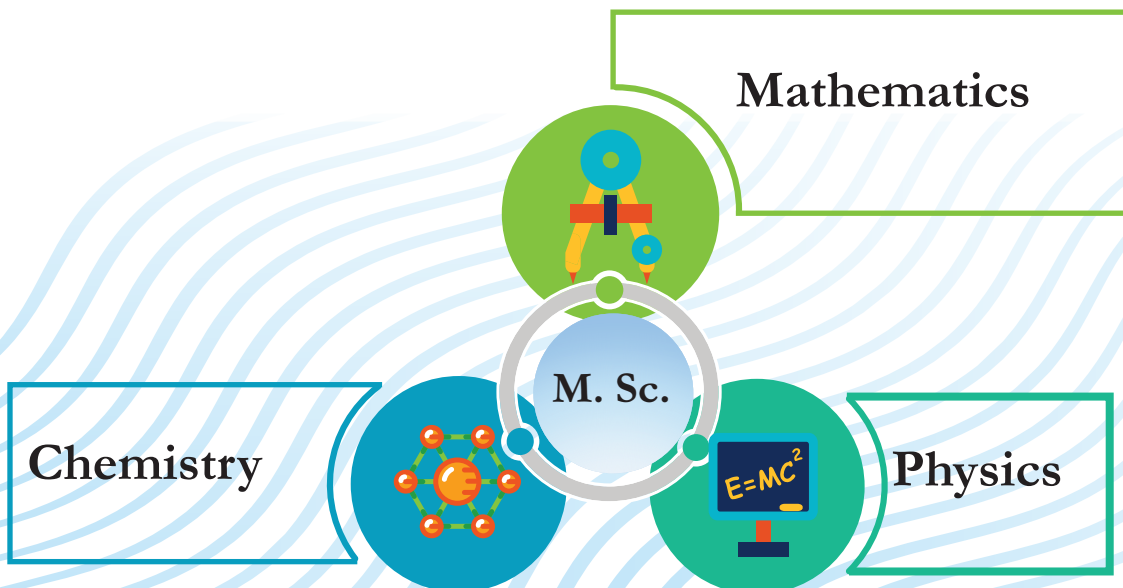

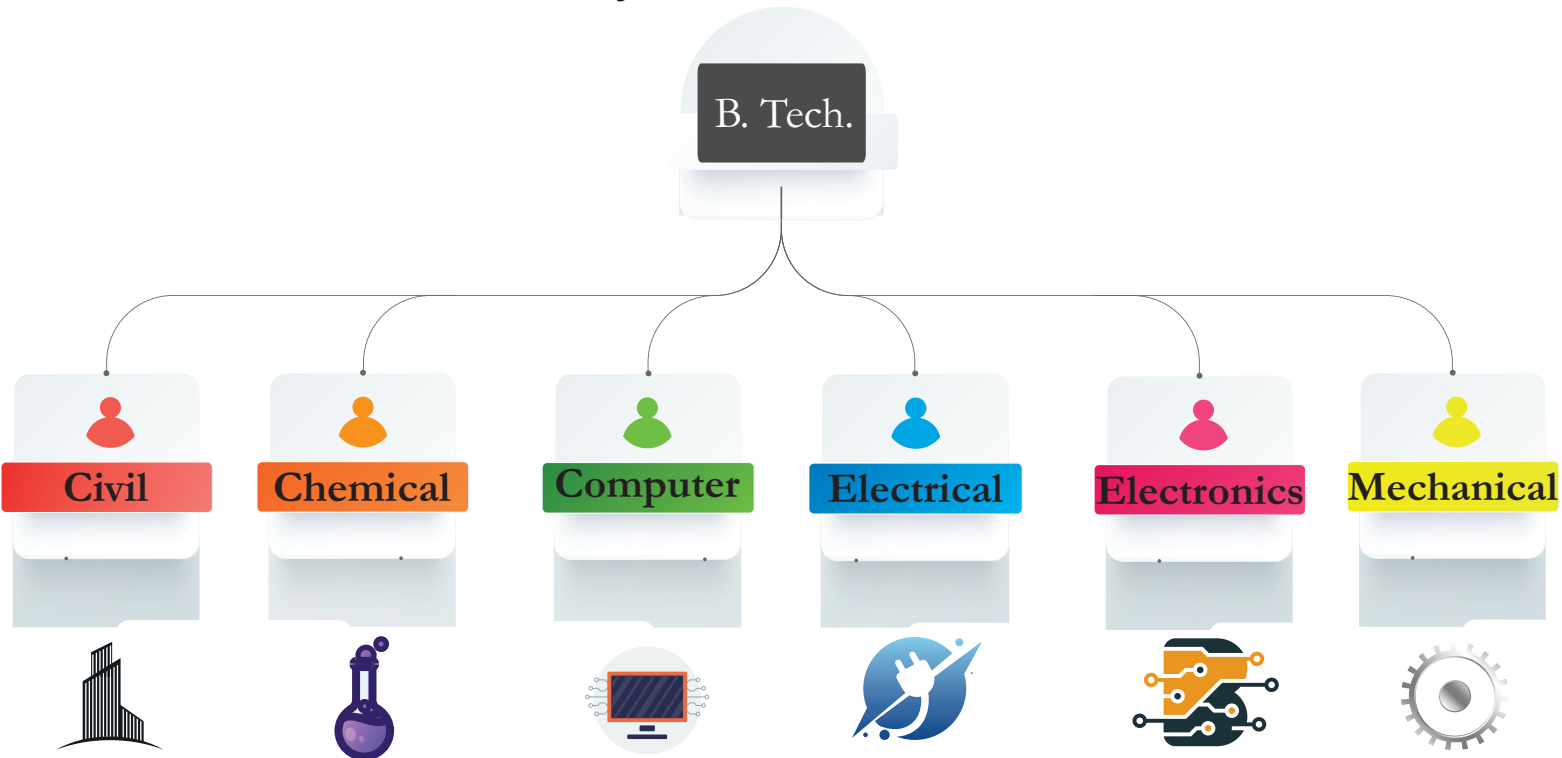

Our alumni have achieved overall success in all spheres of activities and the feedback we receive from our recruiters is the testimony for this.

We look forward to welcoming the recruiters for the placement of our students at SVNIT, Surat.

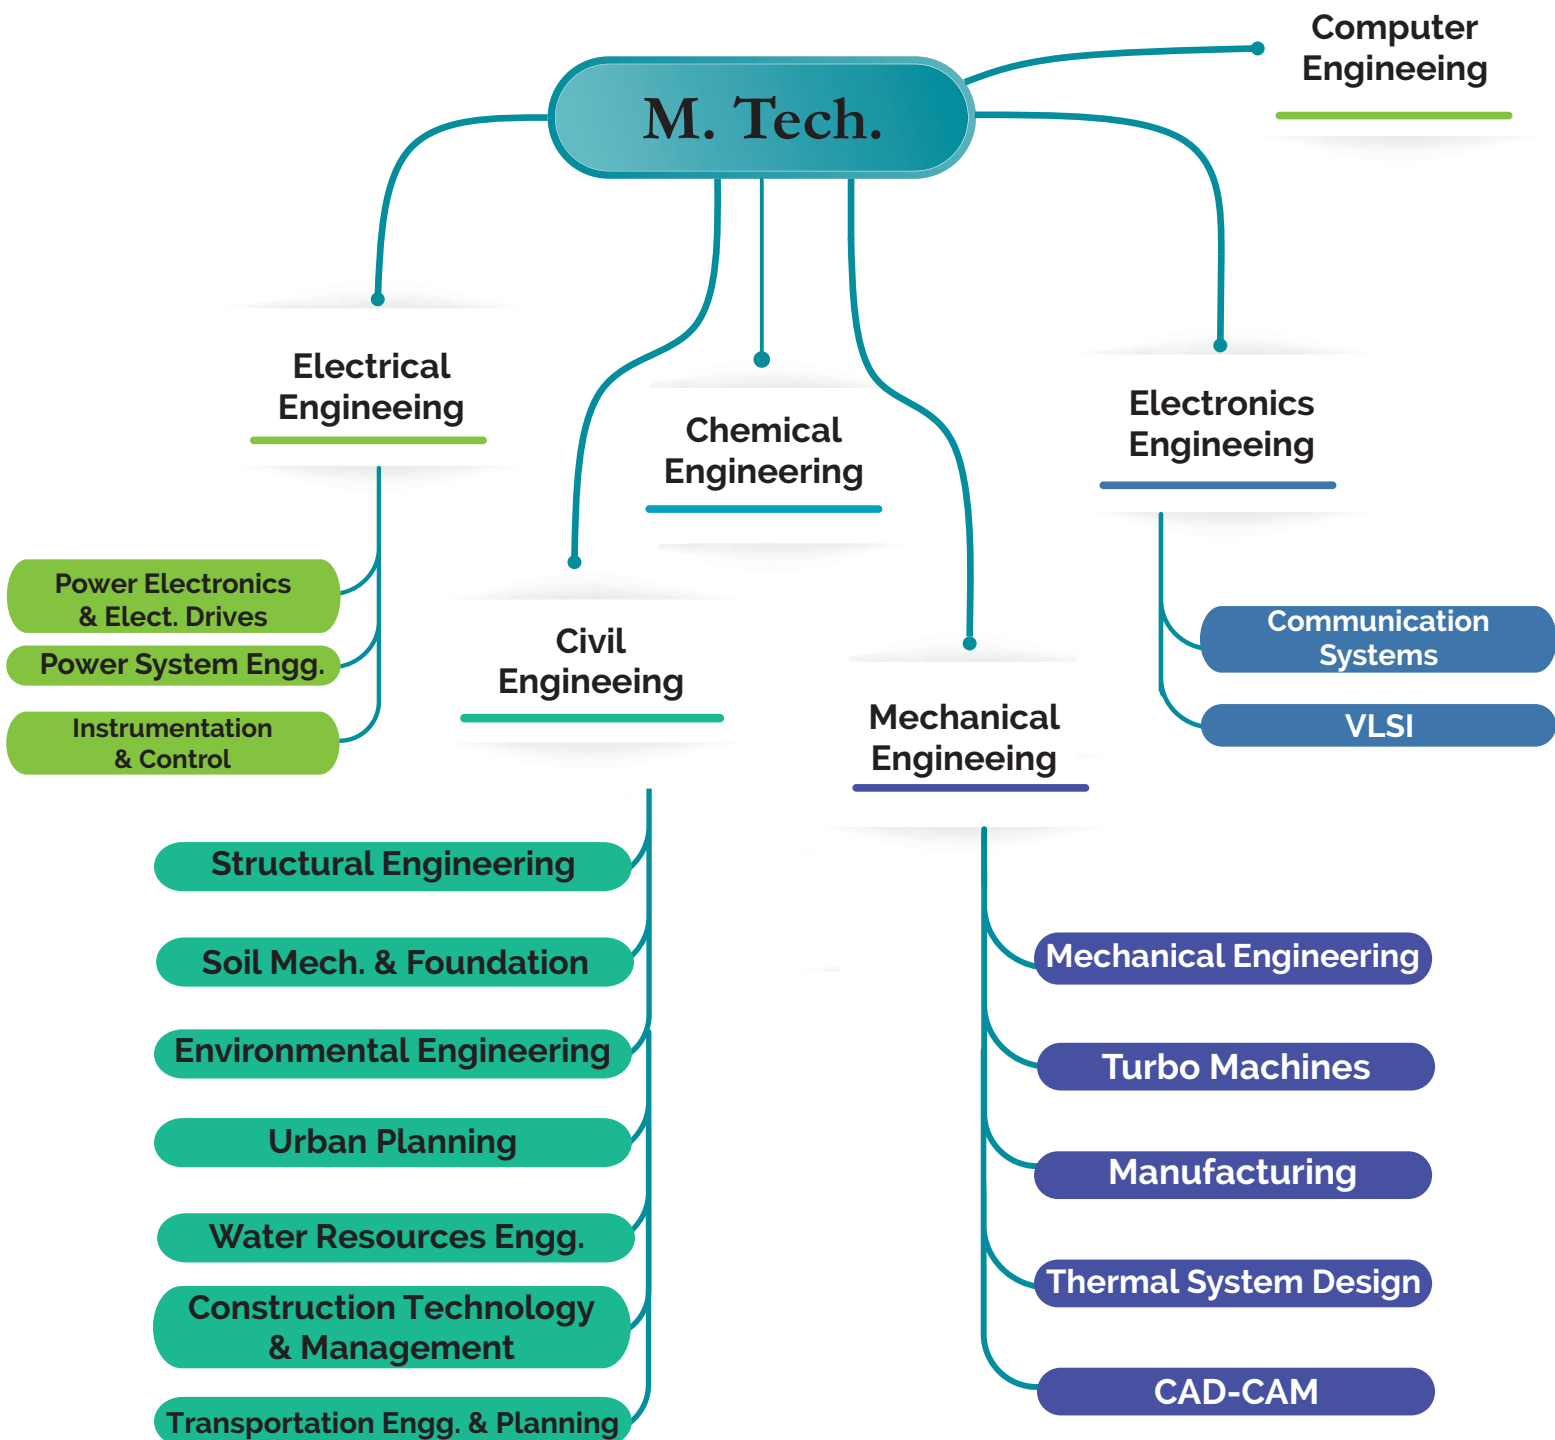

Dr. Mansoor Ahammed
